Overall Length:

15.000 inches

Overall Height:

2.000 inches

Overall Width:

7.625 inches

Component Type And Quantity:

1 rack and 1 board and 22 capacitor and 40 resistor and 3 transformer and 2 connector and 2 resistor and 7 tube

Special Features:

Component type and quantity: vibrator 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
