Overall Diameter:

7.625 inches

Overall Thickness:

0.625 inches

Backing Material:

Silicon carbide

Backing Surface Treatment:

Lacquer

Special Features:

Interpret drawing iaw navord ostd 599

Supplementary Features:

5.625 in. Diameter concentric hole through thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-a
