Overall Length:

21.000 inches

Overall Height:

9.500 inches

Overall Width:

10.700 inches

Component Quantity:

3

Locking Device:

Not included

Component Controlling Agency:

Ryan aeronautical co

Component Name:

Dummy load, electrical; cable assembly; cable assembly

Component Identifying Number:

400211 part no. And 400212 part no. And da-327/ap-0189 type no.

Handle Quantity:

2

Handle Location:

Each side

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T358-a
