Overall Length:

7.375 inches

Overall Height:

0.6250 inches

Overall Width:

4.687 inches

End Application:

Model no. 561 b

Component Type And Quantity:

1 capacitor and 3 diode and 1 rectifier and 6 resistor and 1 terminal

Special Features:

Used as a power supply assembly; friction mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
