**Overall Length:**

28.000 inches

**Overall Height:**

5.375 inches

**Overall Width:**

5.375 inches

**Impedance Rating Per Channel:**

50.000 ohms output channel

**External Dc Operating Voltage In Volts:**

145.0 single voltage

**Special Features:**

Fsc application data: generator, thermal noise except specially designed

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
