Width:

5.750 inches

Current Type:

Dc

Dc Voltage Rating:

28.0 volts

Depth:

6.500 inches

End Application:

Type anarc169 radio set

Case Material:

Aluminum

Special Features:

Console mounted

Height:

9.000 inches

Supplementary Features:

Provides failure indications to the communications operators for the remotely mounted uhf radio equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A532r0
