Overall Length:

4.000 inches

Overall Height:

1.600 inches

Overall Width:

3.000 inches

End Application:

Test set, antenna system

Component Type And Quantity:

2 capacitor and 1 cover and 1 housing

Special Features:

Major components and quantity: circuit card 5; mounting configuration: bulkhead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
