| Power Source:   |
|---|
| Internal  |
| Scale Selection Method:                               |
| Terminal  |
| Features Provided:                                    |
| Portable  |
| Operating Voltage Rating In Volts:                    |
| 6.0 dc  |
| Special Features:                                     |
| Clamp-on and probe, direct contact circuit attachment |
| Material:   |
| Plastic   |
| Style Designator:                                     |
| Clamp-on  |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:                                      |
|   |
| Demilitarization:                                     |
| No  |
| Fiig:   |
| A310a0  |
|   |
|   |
