Cross Sectional Shape:	
Round	
Cross Section Outside Diameter:	
0.040 inches	
Conductor Form:	
Stranded all conductors	
Special Features:	
tem possess identification markings on tubing stating fuel probe test adapter harne	ess; adapter harness assembly; 3 pin housings
Material:	
Copper core conductor all conductors	
Fsc Application Data:	
Elec, elect. Properties measuring and test instruments	
Shelf Life:	
N/a	
Unit Of Measure:	
.	
Demilitarization:	
No	
Fiig:	
A077a0
