Cross Sectional Shape:

Round

Cross Section Outside Diameter:

0.040 inches

Conductor Form:

Stranded all conductors

Special Features:

Item possess identification markings on tubing stating fuel probe test adapter harness; adapter harness assembly; 3 pin housings

Material:

Copper core conductor all conductors

Fsc Application Data:

Elec, elect. Properties measuring and test instruments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
