Overall Length:

10.750 inches

Overall Height:

5.000 inches

Overall Width:

7.500 inches

Measurement Range:

+0.0/+1.6 volts, dc single indicator 1st range

Features Provided:

Zero adjuster and electrostatic shield

Circuit Attachment Method And Quantity:

11 binding post

Material:

Aluminum and plastic vinyl

Style Designator:

Rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
