**Overall Length:**

20.000 inches

**Overall Height:**

6.800 inches

**Overall Width:**

15.000 inches

**End Application:**

Power module mainframe

**Usage Design:**

Power module mainframe

**Component Type And Quantity:**

2 cover and 10 transistor and 1 printed wiring board

**Special Features:**

Holds up to 5 plug-in modules, included is 1 handle, 1 tilt bale, and 1 fan

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A5110
