End Application:

An/arm-176

Special Features:

Inain: switching unit test, bite; components: printed wiring board 1, blank panel 1, connector 1, insulator 2, capacitor 6, diode 3, relay 1, transistor 2, resistor 21, integrated circuit 2, test jack 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A32200
