Special Features:

O/a dim 15x20x10 in.; elec components based in aluminum case; opr power requirements: 5vdc or porm 12vdc or porm 32vdc

Functional Description:

Provides power, input signals and vacuum control to pwb assembly; access to signal waveforms for fault isolation, functional test and calibration

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
