Ac Voltage Rating:

Between 115.0 volts and 230.0 volts

Frequency Rating:

48.0 hertz and 62.0 hertz

Electrical Power Source Relationship:

Operating

Special Features:

Sgl pen, metric markings, multi-range module on both x and y axis, multi-rate time base, ttl logic drive for pen drop and time base initiation, signal and control input connector and mating plug; 6 ft power cord w/strain relief; 100 sheets of 11 x 17 in. Graph paper, 6 red ink cartridges and instruction manual; 48.3cm lg, 35.6cm w, 15.2cm h

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T198-a
