Overall Length:

12.000 inches

Overall Height:

3.000 inches

Overall Width:

12.000 inches

Special Features:

Nainswitching set, antenna channelselector; material aluminum; case, contpanel, power and test interface cable assembly used with an/usm-430

Reference Data And Literature:

To 1f-15a-4-6 & 33da86-32-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T389-c
