Multimeter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-071-5600 Installation Design: Bench **Dial Scale Marking Color:** Black single indicator all ranges **Background Color:** White single indicator all ranges **Power Source:** External Measurement Range: +2.0/+200000.0 hertz single indicator 1st range

Scale Selection Method: Terminal

Features Provided:

Rectifier circuit

Operating Voltage Rating In Volts:

12.0 dc

Style Designator:

D1 rectangular or square

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A310a0
