Installation Design:

Bench

Dial Scale Marking Color:

Black single indicator all ranges

Background Color:

White single indicator all ranges

Power Source:

External

Measurement Range:

+2.0/+200000.0 hertz single indicator 1st range

Scale Selection Method:

Terminal

Features Provided:

Rectifier circuit

Operating Voltage Rating In Volts:

12.0 dc

Style Designator:

D1 rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
