Ac Voltage Rating:

120.0 volts

Frequency Rating:

60.0 hertz

Electrical Power Source Relationship:

Operating

Extra Long Reference Number:

251-30-000-31-0999-6-cdphn-050-048-036-522-056

Special Features:

30 point; emf circuit 1-100 mv spans; input 0-25 mvdc; scale 0-2- iniform divisions; chart speeds 1, 2, 10, 30, 48 iph; scale calibration, nonglare glass door window, keyed door lock, linr cord, tech manual; calibrated chart wdth 250mm; temp range 15/40 degrees c; 16.8438 in. W, 12.2188 in. H, 14.750 in. D

Reference Number Differentiating Characteristics:

As differentiated by door window, door lock, line cord and manual

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T198-a
