Overall Length:

15.000 inches

Overall Height:

3.500 inches

Overall Width:

8.500 inches

Frequency Response Range:

+50.000/+440.000 hertz

Features Provided:

Portable

Special Features:

Basic unit is digital voltmeter; has options for dc millivolts, true rms ac volts, resistance, isolated remote control, rear input; 4 1/2 digit readout

Style Designator:

Rectangular surface mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
