Overall Length:

15.000 inches

Overall Height:

7.000 inches

Overall Width:

19.000 inches

End Application:

6625-01-049-8504 hydraulic vibration system

Special Features:

C/o sd117a automatic level programmer, sd114b swp osc servo; programmerhas null mtr, 6 levels & 5 crossover freqs, solid state switching w/no relays, preset of test profile, stepped acceleration or velocity or displacement capability & control up to 1000 hz; oscillator servo has freq range 5 hz-5khz, input imp 80 kohms, output imp 600 ohms coupled through 50 uf, 14 vrms output, vrms output, dynamic range 80-85 db, input power switch selectable 105, 125/210-250 vac, 50-400 hz, 50 w

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A532p0
