**End Application:**

An/alt-2 (v) transmitting set, countermeasure 6625010754747

**Special Features:**

4provides stimuli, control and monitoring to permit testing pwr supply, voltage regulator, modulator-power supply, and interference generator modules of transmitting sets, countermeasures an/alt-1 (v), an/alt-18(v) under simulated operating conditions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T228-a
