Electrical Power Source Relationship:

Operating

Special Features:

Pen drive, stepping motor, 50 pulses/sec, step size 4 steps/mm; automatic reset, calibrated dial; remote reset, independent; reset report, response counter; clutch release; report reinforcement marker; paper drive, alum. Platen, synchronous motor; glass reservoir, approx 72 hr ink supply; paper used 6.5 in. W; recording elements 24-28 vdc, 2 amp; paper drive motor 110 vac, 60 hz; 30 cm/hr, solid state compatible

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T198-a
