**Electrical Power Source Relationship:**

Operating

**Special Features:**

Pen drive, stepping motor, 50 pulses/sec, step size 4 steps/mm; automatic reset, calibrated dial; remote reset, independent; reset report, response counter; clutch release; report reinforcement marker; paper drive, alum. Platen, synchronous motor; glass reservoir, approx 72 hr ink supply; paper used 6.5 in. W; recording elements 24-28 vdc, 2 amp; paper drive motor 110 vac, 60 hz; 30 cm/hr, solid state compatible

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T198-a
