Overall Length:

22.000 inches

Overall Height:

4.500 inches

Overall Width:

19.000 inches

Ac Voltage Rating:

115.0 volts

Frequency Rating:

400.0 hertz

End Application:

E-3a aircraft

Phase:

Three

Special Features:

Can support, hold & position the power supply during testing

Material:

Aluminum body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
