Special Features:

Electrical specifications c/o; 225 mhz to 400 mhz operating frequency; 0.25 decibel maximum insertion loss; 1.25 maximum to 1.00 maximum vswr; number of inputs, 1; number of outputs, 2; physical specifications c/o; 1.700 in. Lg; 0.515 in. H; four ribbon solderable terminal leads 0.750 in. Lg; two mounting holes 0.102 in. Diameter mounted to a printed circuit board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
