Major Components:

Lc coupler p/n c1852-b29, asl coupler p/n d1852-b29, termination p/n 900w50, adapters p/n 900qnj and 900qnp, attenuator p/n 900g-10, thermister mount p/n 478a and 478a-h72, dummy load electrical p/n 8251

Inclosure Feature:

Multiple item w/housing

Test Type For Which Designed:

Simulated electrical loads

Special Features:

Calibrator set, power standard, in a ec1 transit case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
