Diameter:

Between 0.420 inches and 1.320 inches

Current Type:

Dc

Dc Voltage Rating:

24.0 volts

Presentation Type:

Drop flags

Coil Dc Resistance:

1000000.0 ohms

Features Provided:

Coil and hermetically sealed case and waterproof

Case Material:

Plastic

Special Features:

Magnetic latching; threaded body mounting provision; sealed glass window; operating temp range m65 degrees c to p125 degrees c

Specification Data:

59885-c12287-0001 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A532r0
