**End Application:**

Radar tester, p/n 7837450-3 cage 98750

**Unit Type:**

Analyzer/pattern generator

**Functional Description:**

Provides hi speed pattern generatation and test capabilities

**Supplementary Features:**

Supports 1k or 2k memory i/o cards; incls interactive crt, keyboard, macro programming language, program memory; ieee 488, rs 232c and 16 bit parallel remote control interface

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T228-b
