Overall Height:

4.500 inches

Overall Width:

12.000 inches

Special Features:

Lgth 18.000 in.; jetds name-interconnecting box/type- j4013/apy-1; 28vdc or 115vac, 400 hz, 3phase; provides interface between test set and power supply under test for power and electrical loads during test

Material:

Aluminum

Fsc Application Data:

A/e37t-25 power supply test set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A17600
