Overall Length:

10.200 inches

Overall Height:

6.500 inches

Overall Width:

1.980 inches

Component Type And Quantity:

1 printed wiring board and 10 rheostat and 63 capacitor and 53 resistor and 10 diode and 1 inductor and 1 panel and 1 regulator and 1 display

Special Features:

Component type and quantity: integrated circuit 23

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
