Power Supply Test Set - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-156-6753

Major Components:
Interface test adapter; test program; test program instruction
End Application:
B-1b aircraft age.
Test Type For Which Designed:
Transducer exitation power supply
Fsc Application Data:
Hydraulic pressure transducer power supply
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

T228-a
