Overall Length:

1.000 inches

Overall Height:

0.500 inches

Overall Width:

0.250 inches

Overall Thickness:

0.032 inches

End Shape:

Rectangular

Mounting Configuration:

Two 0.141 in. Diameter holes on 0.312 in. Centers

Special Features:

1.5 in. Long w/90 degrees bend at 1 in.; first mtg hole centered 0.25 in. From straight end

Material:

Brass

Material:

Copper alloy

Surface Treatment:

Anodized

Fsc Application Data:

Elec, elect. Properties measuring and test instruments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-d
