**End Application:**

Wwmccs intercomputer network

**Special Features:**

Provides both steady state and hit impairments; includes 2 variable oscillators, a voice band calibrated noise generator, a voice band calibrated phase shifter, a trapezoidal pulse generator & an impulse generator; primary function is line impairment generator; portable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T228-a
