**Overall Length:**

3.312 inches

**Overall Height:**

2.562 inches

**Overall Width:**

3.062 inches

**Frequency Rating:**

Between 5.0 megahertz and 1000.0 megahertz

**Supplementary Features:**

Vswr bridge; 50 ohm impedance; 40db directivity; output polarity negative; output time constant 10microsec; type n female output connectors

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T228-d
