Overall Length:

3.312 inches

Overall Height:

2.562 inches

Overall Width:

3.062 inches

Frequency Rating:

Between 5.0 megahertz and 1000.0 megahertz

Supplementary Features:

Vswr bridge; 50 ohm impedance; 40db directivity; output polarity negative; output time constant 10microsec; type n female output connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-d
