| Overall Length: |
|------------------------------------------------------------------------------|
| 9.650 inches |
| Overall Height: |
| 1.000 inches |
| Overall Width: |
| 1.500 inches |
| End Application: |
| 6625-01-027-0265 |
| Component Type And Quantity: |
| 1 printed wiring board and 2 switch and 1 coupler and 4 cover and 1 resistor |
| Special Features: |
| Usage design: time/centimeter interface |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| Yes - demil/mli |
| Filg: |
| A511I0 |
