Overall Length:

19.875 inches

Overall Height:

8.000 inches

Overall Width:

14.250 inches

Ac Voltage Rating:

115.0 volts and 230.0 volts

Frequency Rating:

60.0 hertz

Electrical Power Source Relationship:

Operating

Recording Method:

Chart

Information Recorded:

Records range 0.5-1000 amps

Phase:

Single/three

Special Features:

Includes indicator which displays range of 0 to 600 volts; 3 pen recorder

Supplementary Features:

Manufacturers name: power survey demand recorder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T198-a
