Overall Length:

1.840 inches

Overall Height:

0.750 inches

Overall Width:

1.420 inches

Frequency Rating:

30.0 megahertz

End Application:

Antenna, countermeasures radar as3375/alq-142

Insertion Loss In Decibels:

0.5

Power Rating:

1.0 watts average

Special Features:

Amplitude balance 0.2db; input-output impedance 50 ohms; three rf sma female connectors, per mil-c-39012, 1 input and 2 output; four 0.136 in. Dia. Mounting holes; operating temp: minus 40 degrees c to plus 80 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A512n0
