Overall Length:

10.500 inches

Overall Height:

4.500 inches

Overall Width:

5.120 inches

Frequency Range Rating:

+0.1/+18.0 gigahertz

End Application:

POWE-RM-EAS-UREM

Battery Case:

Not provided

Product Name:

Feedthru thermistor mount

Special Features:

Type n female output connector

Functional Description:

This is standard against which signal levels are compared

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-a
