End Application:

Mhu-196/204/m

Special Features:

Voltmeter; panel installation design, solid state type circuit construction, digital display indicator, p0.0/p5.0 volts measurement range, dc circuit current for which designed; rectangular surface mtg, 1.810 in nom o/a w

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
