End Application:	
Mhu-196/204/m	
Special Features:	
Voltmeter; panel installation disign, solid state type circuit construction, digital display indicator, p0.0/p5.0 volts measurement range,	dc
circuit current for which designed; rectangular surface mtg, 1.810 in nom o/a w	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiia:
