

View Online at <https://aerobasegroup.com/nsn/6625-01-242-5296>

Special Features:

Two differential high impedance inputs; simultaneous 12-bit, 2mhz digitizers; 16k word buffer memory; normal, pre and post-trigger operation; delay selec; retain reference feature; sweep averaging; point averaging; trigger view mode; pos, neg or dual slope triggering; internal, external or slave trigger source selection; maximum sweep length 15, 872.0 pts; maximum digitiz rate 500.0 ns/pt; min digiiz rate 200.0 s/pt; coupling ac/dc/grd; ranges porm 100.0 mv to pom 40.0v; impedance 1 megohm, 47 pf; filter (switchable, rc) 100.0 hz; analog bandwidth maximum 400khz, min 650khz; zero position range 10 to 90 pct fs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T320-g
