Overall Length:

11.625 inches

Overall Height:

1.125 inches

Overall Width:

2.000 inches

End Application:

4920-01-111-2981 automatic test system

Component Type And Quantity:

1 switch

Special Features:

Component type and quantity: printed circuit board 1; mounting method and configuration: snap-in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
