Terminal Quantity:

3

Terminal Type:

Jack

Overall Depth:

8.000 inches

Overall Height:

10.000 inches

Overall Width:

10.000 inches

End Application:

B1-b aircraft

Unpackaged Unit Weight:

7.000 pounds

Special Features:

3 terminal device; interfaces with p/n ose10a59c (eldec 8-460-01)

Functional Description:

Calibrates and fault isolate/continuity check standard inductor proximity sensor (rectangle)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-d
