**Major Components:**

Spectrum analyzer; counter-timer; oscilloscope; scaler network analyzer; detector; pulse function generator

**End Application:**

5865-01-200-6601, radome, an/alq-18 (v) 1/2

**Inclosure Feature:**

Multiple item w/housing

**Functional Description:**

Simulates signals; measures technique parameters; functions not programmable by the techniques generator unit

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T228-a
