Special Features:

Two outputs; 500 to 1500 mhz; insertion loss 3 db; load isolation 6 db; output diameter 2.5 inches; power rating 200 watts average, 3 kw peak; temperature range -55 to 150 degrees c; finish silver per qq-s-365; vswr 1.15 max; 7.3 in long; 50 ohms impedance

Precious Material And Location:

Finish silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A512n0
