Overall Length:

4.800 inches

Overall Height:

1.500 inches

Overall Width:

3.700 inches

Dc Voltage Rating:

12.0 volts

Frequency Range:

+0.0/+150.0 megahertz

Test Item Connection Method:

Binding post and direct coupling

Special Features:

40 db dynamic range; covers full spectrum 800-1600 nm; na. Rod-lens input coupling; amphenol sma style connector interface; 50 ohms bnc interface; led rise/decay time; pulsed laser waveforms; porm 15 pct accuracy; includes wall plug-in power supply; 115b for 105-125 vac; 220b for 210-230 vac; 100b for 95-105 vac; no. 3010-24 bnc to bnccable, 24 in.; no. 3011 bnc 50 ohm feedthrough termination; spare sleeves for sma 906 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
