Circuit Current For Which Designed:

Ac

Indicator Type:

Dial w/pointer

Installation Design:

Bench

Power Source:

External

Measurement Range:

+10000.0/+5000000.0 ohms single indicator single range

Circuit Attachment Method And Quantity:

2 wire lead

Operating Voltage Rating In Volts:

Between 110.0 ac and 120.0 ac

Special Features:

Color-coded scale; no hand cranking; portable; lightweight; 500vdc on test leads when test button is pushed down

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
