Overall Length:

14.000 inches

Overall Height:

5.000 inches

Overall Width:

9.000 inches

Current Type:

Ac and dc

Special Features:

Portable-dual trace-battery powerered; bandwidth-dc to 10mhz; input impedance-1megaohm; maximum input voltage-400v (dc and peak ac); deflection factor 5millivolts/div to 50v/div

Specification Or Standard:

3 type and 3 class and e style and r color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T320-g
